Dear Mary:

STAT

Thank you for the endorsement of the applicant   We are always happy to receive endorsements of young applicants and as you are aware we do have a very intensive recruitment program for these individuals. I have passed along this recommendation to the Director of Personnel who will take it from here.

STAT

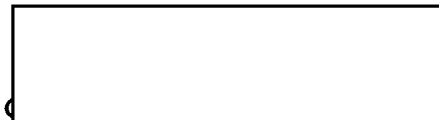

It is good to hear that you are back working since I have a feeling that you probably need some type of activity after your busy days in OTR. I occasionally see the OTR group and you might be interested to know that Don Smith was here today to receive the Distinguished Intelligence Medal. There were several of the old crowd at the ceremony.

Thanks again for the recommendation of 

STAT

Sincerely,

STAT
